## BELLANCE CIGARETTE TABLE

16" Dia x 25" H as shown

Custom sizing available

One of Costantini's signature pieces, this playful table is made of several cast bronze components, joined together to support a top in the material and size of your choice. It features asymmetrical "feet" so that it might slide under a sofa or chair as needed as well as a handle for ease of moving around. Shown here in smoked glass but also available in stone, wood or marble.
